Notes to the Financial Statements

Note 1: Basis of preparation

The half-year financial statements are a general purpose financial report prepared in accordance with the requirements of the *Corporations Act 2001* and Accounting Standards AASB 134: "Interim Financial Reporting".

This financial report is to be read in conjunction with the annual financial report for the year ended 30 June 2008 and any publications made by Uranio Limited during the half-year in accordance with continuous disclosure requirements arising under the *Corporations Act 2001*. The half-year report does not include full disclosures of the type normally included in an annual financial report.

The accounting policies adopted are consistent with those of the previous financial year.

Going concern

The Company incurred a loss for the half-year of \$626,963 (2007: \$36,548) and a net cash outflow from operating activities of \$527,651 (2007: \$1,532 cash outflow).

Whilst the Company has sufficient cash and assets to meet its ongoing exploration commitments and administration expenditure through to the end of the current financial year, the Directors recognise the need to raise additional funds to meet working capital requirements into the future. Based on the potential to raise the additional working capital, the Directors consider it appropriate that the finance report be prepared on a going concern basis.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF URANIO LIMITED

We have reviewed the accompanying half-year financial report of Uranio Limited, which comprises the balance sheet as at 31 December 2008, and the income statement, statement of changes in equity and cash flow statement for the half-year ended on that date, a statement of accounting policies, other selected explanatory notes and the directors' declaration of the entity at the half-year end or from time to time during the half-year.

Directors' Responsibility for the Half-Year Financial Report

The directors of the disclosing entity are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001*. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of an Interim Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the disclosing entity's financial position as at 31 December 2008 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Uranio Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

For personal use only

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Uranio Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the entity's financial position as at 31 December 2008 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and Corporations Regulations 2001.

Material Uncertainty Regarding Continuation as a Going Concern

Without qualifying our conclusion, Uranio Limited incurred a net loss of \$626,963 and had net cash outflows from operation activities of \$527,651 during the half year ended 31 December 2008. These conditions, along with other matters as set forth in Note 1, indicate the existence of a material uncertainty which may cast significant doubt about the entity's ability to continue as a going concern, and realise its assets and extinguish its liabilities in the normal course of business.
